WORDS OF COMMENDATION FOR THE STANFORD FAIR

Saddle Horse Chronicle Says Colt Futurity Had More Class than Any Outside of Lexington

Some interesting notes on the recent Stanford fair are published in this week's Saddle Horse Chronicle of Lexington. Some local features of the notes are particularly interesting here, especially the references to local horses. These are as follows:

Though with many showers the first two days and a very bad trunk, yet this year the Stanford Fair was the best ever. The officials had gotten around through the country and created quite an interest in the neighboring counties as well as their own.

The first class of the fair was for horse colts and though an extra ring of colts Mr. W. O. Walker's colt was an easy winner. This colt at times this year has been treated somewhat rough in fairs, but here from the beginning he had a square deal and accordingly had great results by the close of the fair. The second class was for more colts and brought out the same number as did the preceding class. Here a Bohemian King filly, Bohemian Art, the chestnut filly of Mr. Edelen's which came second at Lexington was placed the winner. This at once caused great discussion, the majority being against the decision. While not exactly perfect a little behind and around the ears this filly has a beautiful head and neck, a good body, and no special objectionable point save at the root of the tail. Now the saying is have the colt right in the head, neck and ears and leave the hind quarters alone. It is said of chiefs that most are ragged behind but later will develop there. But this filly seems to fare well with the judges, though she is far from perfect at the tail. This filly is out of the gray Murphy mare, Lady Hare, which was just sold at the Murphy sale to W. O. Walker & Co., for eight hundred dollars. The filly that was placed second here created quite a sensation. She was not in the futurity at Lexington, but here, Rex Peavine, not being nominated. She is out of a mare by Hughes' Black Squirrel and is the property of Mr. R. S. Scudder. While this filly needs, yet just a little touch of fineness about the head, neck, and ears, she is still extra good there with no principal objection, and her legs are perfection, smooth and well shaped at the root of the tail, and she has a high and wonderful trot, and stands as a show horse. The majority thought this filly should have been first, and many who have seen the winner of the futurity even venture to say could this one have been shown she would have defeated the now winner. At any rate after seeing the Scudder colt and the picture of the Carpenter colt they would make a close call for some judge.

In the three-year-old harness class Mack Hughes was the winner over the Briggs horse, Kentucky Gentleman owned by Nevin Carter, of Stanford. No one could account for this decision, save it was for the presence of some speed with the Hughes horse. For the Briggs horse did not make the shows at Stanford as he did that week before at Perryville—not so good in the mud.

In the special class for colts by Carroll Preston were found four as good colts that can anywhere be found together by one horse, and was indeed great credit to their

famous sire—Carroll Preston. While they showed, he pronounced the ring which made the show the more impressive.

In the next class for some unknown reason the Murphy filly was not shown, and here the Scudder filly was placed first over Mrs. Lowmire's The Princess Sonit.

The next class was another horse colt ring in which Mr. Walker again proved the victor. Reetina next won her harness class defeating Gypsy Lynn who was placed second.

There was more discussion about the next class, the fancy three-year-old stallion class, among the exhibitors before the ring than any other show of the fair. Each one of the four Edgar Doty, J. C. Bailey, Mack Hughes, and Walter Briggs were counting on winning that event. The night before they ate supper at the same table, discussing the ring, each predicting he would win it, and each one placing the others. They agreed that after all their confidence the parties beaten would feel pretty bad the next night. Mr. Doty who let the others do most of the talking calculated on nothing but winning, and this he easily did the next day, with Mr. Briggs second on Kentucky Gentleman. These strings were tied exactly right.

Peavine's Best, another champion of Mr. Doty's stable, and a son of Rex easily won his harness two-year-old class. Mr. Murphy was a good second with his Sidney Hambar, a chestnut son of Chester that a little while later this same horse won the two-year-old saddle class. Peavine's Best has not yet been worked at all under the saddle.

In the best brood mare and colt classes were shown three as good as can anywhere be found together. The class was won by the most discussed mare and colt of the state—Lady Hare and her Bohemian King chestnut filly. The filly winning second in the futurity, and since then the mare has sold for eight hundred dollars. This ring was undoubtedly quite a help to her just before her sale. Second went to Mrs. Lowmire's good mare Clara Boh and colt by Kentucky's Choice. The mare displaced was also a good one, being a full sister to Bonhom's.

The Colt Futurity.

One of the most interesting shows of the entire fair was Colt Futurity, and justly deserves some space here. A finer ring of colts have never been seen together save only the futurities at Lexington. This day and time the futurity is the only class for a colt. This was W. G. Walker's bay colt's thy Carroll Preston, fourth show and his fourth blue ribbon. Winning this is a great credit to any colt and to his sire, considering the colts that came second, third, and fourth. This colt has more size than earlier in the season, and just stood there in show in this class for an hour or so at least with all the dignity and pride that could be imagined in a colt. Head high and neck well crested going into his good withers and shoulder blades as can be found, his tail straight and high—not like a gingered colt, but a set horse tail, and with his feet together. Made too good a show for the writer to undertake to describe. Then at the trot—he was bold and high and equally as good as when standing. The Murphy colt was placed second and the Scudder colt third, but it was generally thought these strings were reversed, though the Scudder colt could not stand and did not make the show it did the day before. Mrs. Lowmire's The Princess Sonit was placed fourth, and the other four out of the money were also good ones.

Before leaving this class it is only justice to mention the name of the owner of the winner. The man whom all horsemen revere and respect and against whom no one can bring anything—Mr. W. O. Walker. Men, it's the man that makes the business and not the business that makes the man. So many are against the horse business and to them to be a horseman means to be everything indecent. And truly this is not wholly without foundation. Some men in our business have caused this to thrive and grow. What we want is a clean, honest business, something of which we can be proud and look anyone in the eye. Mr. Walker is a type of man our business needs, is truthful and honest and fair and just, can take defeat without the least of hard feeling, and smile, yet it did do the writer good to see Mr. Walker the winner. He looked good. His was well the right. Such men as he deserve to win. A man should learn to suffer defeat before he is entitled to victory. Gentlemen—hats off to Mr. Walker!

BULL MOOSERS

To Make Effort to Have Roosevelt
Speak in Stanford

The Democratic and Republican campaigns will both be opened with rallies in Lexington next week. A tremendous crowd is expected to be there on the 19th when the Woodrow Wilson campaign will be put under headway in the state. Senator Gore the blind statesman of Oklahoma, and many other big men will be on hand. Marching clubs from all over the state will be in line, Lincoln will undoubtedly send a large delegation.

The Republican opening will be held in Lexington on Sept. 21st, at which time Senator W. O. Bradley of Kentucky, and former Speaker Joe Cannon will be the two chief orators. A number of local Republicans are arranging to go over to the opening.

Just when the Roosevelt or Progressive party will have its formal opening in this section has not been announced. The Big Moose himself is said to be slated for a tour thro' the Eleventh district, and local followers of the Third party are endeavoring to arrange to have him stop in Stanford for a short talk. It would undoubtedly prove a big drawing card. The local Moosers have opened headquarters here, and hang out their sign, and are claiming a big vote in Lincoln for their ticket.

AUTO MAIL DELIVERY

To Be Made By Rural Route Carrier J. B. Sartain in Future

J. B. Sartain is the first rural route carrier in Lincoln to deliver mail in an automobile. Mr. Sartain has purchased Dr. Brown's four-seater Flanders car, and will use it on Rural Route No. 4, as long as the roads are in good shape. There will be many days in the winter when he will be unable to use the car, but he will find it very useful the greater portion of the time.

Several of the other rural carriers out of Stanford are said to be contemplating the purchase of automobiles, also.

Farewell Service for Rev. Dickey

Next Sunday Sept. 15, being the last Sunday that Rev. J. J. Dickey will occupy the pulpit of the Methodist church before removing to his new field of labor, the ministers of Stanford have unanimously agreed to give way and assist in a Union farewell service to be held in the Methodist church on Sunday evening at 7:30 o'clock.

Some Snake Story. This

(Columbia News.)

There is a saying that a black snake will kill any poisonous reptile that comes in its way. Mr. J. D. Weatherford, who lives in the Egypt country, this county, stands ready to verify that statement. A few days ago he went into his orchard, and in stooping down to pick up an apple, he noticed what seemed to be a pile of snakes. Upon examination he observed that a blacksnake had coiled around a copperhead, and had swallowed the head of the latter. It took Mr. Weatherford several minutes to get them separated, the copperhead being almost dead. He finished it with the heel of his shoe and turned the blacksnake loose.

A WARNING TO MANY

Some Interesting Facts Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail.

Swamp-Root is sold by every druggist in bottles of two sizes--50c and \$1.

DINSMORE TO RESIGN

As Republican Nominee for Congress And Run as Bull Moose.

Prof. Dinsmore, the republican nominee for congress in this district, proposes to resign his nomination and make the race as a progressive. The Secretary of State has held that he cannot be the nominee of both parties. Editor T. Saunders Orr, of the Harrodsburg Leader, the only progressive newspaper in the district, voices to Dinsmore's progressive proclivities. He says:

Then J. W. Dinsmore, who was nominated for Congress on the Republican ticket before it was certain that Progressive campaign would be waged, was in Harrodsburg, Saturday. Mr. Dinsmore is a Progressive in every sense of the word and if possible will be put on both the Republican and Progressive tickets. However, if that is not possible under the ruling of the Secretary of State, he will resign from the Republican ticket and go on the Progressive ticket by petition. The editor of this paper can vouch for Mr. Dinsmore's ability and his stand before the Chicago convention for we were together when the "steam roller" was being used. He has always been Roosevelt man and in accord with Progressive ideas. While Congressman Helm is an odds-on favorite you can count on Mr. Dinsmore making a telling campaign, as he is not only a popular man, a fine speaker and splendidly equipped, but he is a good mixer and will make an impression on any man with whom he comes in contact. He will soon start on his campaign and proposes to make a thorough canvass of the district.

D. C. Ryker, teaming contractor living at 609 Keeling Court, Canton, Ill., is now well rid of a severe and annoying case of kidney trouble. His back ached and he was bothered with headaches and dizzy spells. "I took Foley Kidney Pills just as directed and in a few days I felt much better. My life and strength seemed to come back, and I sleep well. I am now all over my trouble and glad to recommend Foley Kidney Pills." Try them.

Money Back Catarrh Remedy.
Dosing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs or ointments.

The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEL.

As this antiseptic air passes over the sore infested with catarrh germs it not only destroys them, but loads the inflamed membranes and stops the discharge of mucus.

Then hawking, spitting, snuffling, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEL outfit, which includes a hard rubber inhaler, only costs \$1. Extra bottles, if afterwards needed, 50 cents and G. L. Penny is authorized to refund your money if dissatisfied.

Advertisements Are Good Reading.

This week a man called at the Herald office and stopped his paper because it had too much advertising in it, though he liked the paper in every other way. Perhaps he didn't stop to think that there is no reading matter on earth so valuable to the man who must make every penny count as advertisements wherein he is shown bargains that give a double duty power to each dollar he spends. He should remember that no man pays good money for a liberal amount of advertising space unless he knows that the inducements he offers therein to the public are such that the public will take hold of them, to the mutual advantage of both buyer and seller. It's a plain, practical common sense proposition, and the man who doesn't realize that he can save many times the price of his paper by studying the advertisements and taking advantage of the best bargains offered, is the man whose business hump is yet undeveloped. Harrodsburg Herald.

YOU MAY NOW BUY THE FAMOUS WOOLTEX GARMENTS AT THIS STORE

WOOLTEX is the Best Known Line of Women's Wear in America

WHILE this is a very important thing from a merchandising point of view, it was not enough alone to make us take on the line. We wanted to know positively that we could truly endorse all the claims of superiority made by the WOOLTEX people regarding their garments.

So, when they offered us the exclusive sale of WOOLTEX for the five counties of Lincoln, Garrard, Mercer, Casey and Boyle, and invited us to visit their factory in Cleveland and examine every detail of their making and verify their claims, we decided to go and see for ourselves.

We found their factory an immense plant, surrounded by grass plots, insuring plenty of light and air from all four sides. Inside every part was delightfully clean and light and airy.

The men and women working there were unusually intelligent appearing and contented.

We carefully went into every detail of the manufacture from the time the cloth is received and chemically tested to be sure it is all wool, until the finished garment had been hand-pressed ready for shipment, and we will positively assert that it is not possible to make a better garment than WOOLTEX.

WOOLTEX styles come direct from the WOOLTEX Fashion Bureau of Paris. It costs the makers \$50,000 a year to maintain the style supremacy of WOOLTEX—but the money is well invested, as every WOOLTEX wearer will admit.

WOOLTEX fabrics are pure wool, not a thread of cotton in them. Chosen with the greatest care for superiority of texture, finish and pattern and for exclusive "custom made" effects.

WOOLTEX guarantee is the most liberal known to the trade. Protects you against possible weakness. WOOLTEX garments must give two seasons' satisfactory wear. This guarantee extends even to the lining.

WOOLTEX Tailored Suits \$22.50 to \$45
WOOLTEX Coats . . . \$10.00 to \$40

Our stock of WOOLTEX Suits for Fall and Winter is now on sale and we will appreciate a visit of inspection from you.

STYLE BOOKS—We will in the next week send out to all our trade a very handsome "Style Book" showing a number of the newest ideas in WOOLTEX Suits and Coats. If you do not receive one, we will thank you to write us a postal, and we will send one and replace the postal.

Blue Grass Farm at Private Sale
On account of my health, I have decided to quit farming, and will offer for sale, privately one of the very best blue grass farms in Lincoln county, Ky. This farm contains 260 acres by survey. The same is under high state of cultivation at present and fine stock farm. Every acre of this farm is susceptible of cultivation.

Located one mile north of McKinney, 4 miles east of Hustonville, and 7 miles from Stanford, fronts on good turnpike road, and one mile north of Queen & Crescent railway depot, good shipping point, fine schools and churches and splendid neighborhood.

The dwelling contains 12 rooms and would accommodate two families if desired. Same is in good repair. Two large tobacco barns with 10 acre capacity each; two large stock barns and all other necessary out-buildings.

All under good fencing and well supplied with water. This land will grow as much, if not more, hemp, wheat and tobacco than any farm in Lincoln county.

A look at this farm will convince any one of the truth of the above statements. Any further information desired write to me at McKinney or call by telephone.

REMINGTON-UMC
Scatter Load SHOT SHELLS

When they're apt to get up close, slip in a Remington-Union Scatterload—and make your choke here gun good in brush or thicket.

Arrow and Niro Club steel lined scatterload shot shells open up your pattern so evenly that your bird can neither get too much nor too little.

A special system of wadding gives at 25 yds. a spread equal to that of a standard shell at 40 yds. and with greater penetration.

The steel lining gives the speed plus perfect pattern. Get a box to-day. Your local dealer has them. Try them on a paper target with your old duck gun.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sobs drowsily or cries you may depend on it something is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a mild laxative that exerts no putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which soothes the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. J. W. Haynes, Brady, Ky., and Mrs. E. L. Weeks, 1744 W. 2nd St., Des Moines, Ia. A dose of this has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it to the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. H. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

TWENTY YEARS.

Makes a great difference in most women. They are troubled with "nerves"—they suffer from backache, dizziness, sleeplessness, a sensation of irritability or twitching, hot flashes, dizzy spells, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Little Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age—upon the nerve and blood forming structures—may be too great for her strength. This is the time to take this restorative tonic and strength-giving nerve and regulator. For over forty years sold by druggists for women's peculiar weaknesses and distressing ailments. *The remedy* so perfect in composition and so good in curative effects as to warrant its makers in printing its every ingredient on its outside wrapper. *The use remedy* which absolutely contains neither alcohol nor injurious or habit-forming drugs.

Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks:

"In the winter of 1898, I became greatly run down and irregular," writes Mrs. Henry Scott, of Swan Creek, Mich., Route 1, Box 2. "I slowly but surely grew worse, and, at last, resolved to apply to the doctor for help. The doctor said I had inflammation, enlargement and laceration. I was in bed eleven weeks and did not better. The doctor said I would have to have an operation, but to that I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I started to take this remedy I could not walk a rod the day, but after I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for 11 I think I would have been dead—I feel better now than I have been for twenty years."
